DEPARTMENTAL PARKING COUPON INSTRUCTIONS

Parking and Transportation Services is upgrading the technology at parking facilities on campus. This move to automated pay equipment will be a significant cost-savings to the University. During the current economic challenge, these efforts will help PTS to continue programs and services and to keep parking rates low.

PROTECT YOUR COUPONS
Please protect your coupons as if they are CASH. Coupons are valuable. You are responsible for them. If you lose them, it’s like losing cash. You should always know where they are and keep them in a safe, locked place.

HOW TO USE COUPON
Visitors will still pull a ticket from the dispenser upon entering the parking ramp or garage. When exiting the facility, insert the entry ticket into the automated pay machine and then insert the coupon. If a parking attendant is at the exit, hand the entry ticket and coupon to the attendant for processing. You may hand the coupon out at your office/event or you can mail it out to visitors ahead of time (TIP: the guest will need to remember to bring it with them to campus). The coupon allows the visitor to exit and your department will be billed via EFS. The visitor will finish the transaction by paying either credit/debit card or cash.

QUANTITY RESTRICTION
PTS reserves the right to limit the quantities that a department can request/purchase.

VIEW YOUR BILLING ONLINE
Departments can view their monthly bills online at http://www.estatement.umn.edu. All you need is the EFS account string and a date range.

RECORDKEEPING RECOMMENDATION
PTS recommends that you keep internal records listing to whom you have given your coupons.(see the sample grid below). It is for your benefit and financial safeguarding to track coupons issued. PTS cannot track these transactions.
