ACCESS TO BUILDINGS ADJACENT TO THE CHURCH STREET RESTRICTED FREE ZONE

This document was created to provide general access information for the Church St Restricted Vehicle Zone, as well as building by building access details for paratransit and delivery needs, with input from Parking & Transportation Services, U Market Services, and Facilities Management.

BACKGROUND

Church Street between Lilly Plaza Driveway and Washington Avenue is a designated “Restricted Vehicle Zone” (RVZ) as defined in Board of Regents Traffic Ordinance NO. 2. This area is branded as the Church St Pedestrian Mall and is prioritized for pedestrians and bicycles, with vehicle access heavily restricted. Vehicles are prohibited from traveling through or parking in the RVZ without express permission. At all times, all vehicles traveling or parked in the area must have a valid permit (except for emergency vehicles and paratransit). Additionally, Mon-Fri 7:45am – 4:45 pm there are further restrictions upon vehicles, and a Church St Restricted Vehicle Zone permit is required.

THIS DOCUMENT IS NOT A PERMIT – FOR INFORMATIONAL PURPOSES ONLY

GENERAL INFORMATION

Paratransit: for general information, please contact Paratransit Services at (612) 624-8338 or z.umn.edu/paratransit

Delivery Options:

a) Generally, use parking and staging locations that do not require Church St RVZ access.
b) For deliveries that requires Church St RVZ access (Tate, Vincent, or Amundson docks), obtain an RVZ permit.
c) Purchase directly from U Market Services (UMS: 612-624-4878). Products will be delivered per RVZ permit rules.
d) Coordinate delivery to UMS Warehouse with UMS providing final mile delivery to building per RVZ permit rules.
e) For special situations such as major furniture deliveries, coordinate with PTS.
